The image shows the 'My Apple ID' web interface. At the top, there is a navigation bar with links for Store, Mac, iPhone, Watch, iPad, iPod, iTunes, and Support, along with a search icon. The main heading is 'My Apple ID' and the user is logged in as 'John Doe' with a 'Sign Out' link. The interface is divided into two main sections. On the left is a sidebar menu with options: 'Name, ID and Email Addresses', 'Password and Security' (which is selected), 'Addresses', 'Phone Numbers', and 'Language and Contact Preferences'. The main content area is titled 'Two-step verification for Apple ID.' and explains that with two-step verification, identity is verified using one of your devices before making changes to the account. It includes three visual steps: 1. Entering the Apple ID and password. 2. Receiving a verification code on a device. 3. Entering the code to verify identity. Below this, it mentions that a 'Recovery Key' will be provided for safekeeping. At the bottom of the main content area are two buttons: 'No, Thanks' and 'Continue'. The footer contains copyright information for 2014 Apple Inc., links for 'Terms of Use' and 'Privacy Policy', and a link to 'Choose your country or region' with a globe icon.
