What is a podcast?

Podcasts are audio episodes of a program available on the Internet. ... When you subscribe to a **podcast** using the Podcasts app for iOS, Apple Watch OS, or on your **Mac** or PC via iTunes, you are subscribing to the **podcast** updates by that particular **podcast** producer. With iCloud, you can synchronize your **podcast** subscriptions across all devices.

This presentation will be based on my use of the Apple Podcast

App with the iPad but the iPhone and Mac would not be difficult to use
As well. User's choice.

Use the Apple Podcasts app on your iPhone, iPad, and iPod touch with the latest version of iOS or iPadOS, on your Mac with macOS Catalina, or on your Apple TV.
